**Company Profile:** Centre for Chronic Disease Control (CCDC) is a not-for-profit research organisation of health professionals and social scientists engaged in knowledge generation and translation for the prevention and control of non-communicable (chronic) diseases in various settings of developing countries. CCDC has been recognised as a Scientific and Industrial Research Organization (SIRO) by the Department of Scientific & Industrial Research (DSIR), Ministry of Science and Technology, Government of India. CCDC also holds recognition as a WHO Collaborating Centre for Surveillance, Capacity Building and Translational Research in Cardio-metabolic diseases.

**Brief of the Centre:** The BRIDGE Centre for digital health at the Centre for Chronic Disease Control is working to ensure digital healthcare equity. The goal is to identify and develop equitable digital health solutions, speak out against issues of digital health disparity, and promote equitable solutions to attain universal health care.

**Mission:**
- Identify And Develop Solutions That Promote Equity In Digital Health
- Be The Voice For Issues That Relate To Digital Health Inequity And Advocate Equitable Solutions To Achieve Universal Health Coverage
- Assist Solution Developers In Taking Into Consideration The Equity Lens During Design, Development And Scale-Up

The ideal candidate will be responsible for conceptualising creative designs for a wide array of media to fit the needs of the internal team and the stakeholders.

**Job Responsibilities**
- Working on using graphic design software and working with a wide variety of media
- Helping to maintain the company's visual identity across all platforms
- Working on coming up with fresh creative ideas and concepts for the company
- Collaborating with cross-functional teams to ensure the smooth execution of projects and maintaining effective communication throughout the process
- Working on receiving feedback and making the necessary changes
- Conducting research and staying current on design trends and technologies
- Designing social media posts
- Brainstorming and creating visual campaigns for social media

**Qualification & Skill Required**
- At least three years of experience in the field of graphic design
- A strong portfolio of work that contains variety and flair
- Degree in marketing, graphic design, design, fine Arts, computer graphics or a related field or demonstrated success in relevant professional areas;
Visual solid communications skills, including the ability to communicate complex concepts and data through images;
Excellent organisational skills and the ability to meet deadlines
Strategic and creative mindset
Excellent written and verbal communication skills
Works well under pressure and meets tight deadlines
Understanding of colour, layouts, font, and typography

Software Skills

- Thorough knowledge of Adobe Creative Suite (mainly InDesign, Illustrator, and Photoshop), & CorelDraw
- Adobe Premiere Pro, Adobe After Effects, Procreate, or any motion graphics/video editing/Illustration skills

Salary range: Commensurate with qualifications, experience and present CTC

Please send detailed CV along with a cover letter in a single document to jobs@ccdcindia.org*. Last date for sending your application is 25 June 2023. Only shortlisted candidates will be contacted for the interview.
